## Professional Summary

Passionate and detail-oriented Information Technology student with a strong focus on web development and UI/UX design. Skilled in creating user-friendly, responsive, and visually appealing web applications. Proficient in JavaScript, Python, React, Node.js, HTML, CSS, and Bootstrap. Eager to contribute to innovative projects and grow as a full-stack developer.

## Education

Bachelor of Information Technology

### Muteesa 1 Royal University

 Current

- ❖ Relevant coursework: Web Development, UI/UX Design, Database Management, Software Engineering.
- ❖ Academic projects include building responsive websites, online voting systems, and interactive web applications.

## Technical Skills

Programming Languages: JavaScript, Python

Frontend Development: HTML, CSS, Bootstrap, React

Backend Development: Node.js

UI/UX Design: Figma, Adobe XD

Version Control: Git, GitHub

Other Tools: Firebase, Netlify, Visual Studio Code

## Projects

### 1. Online Voting System

Developed a secure and user-friendly online voting platform using React and Firebase.

Features include real-time vote counting, user authentication, and responsive design.

Live Demo(<https://mru-online-voting-system.web.app>) | [GitHub Repo](Voting System)

### 2. Responsive Portfolio Website

Designed and built a personal portfolio website showcasing projects, skills, and contact information.

Utilized HTML, CSS, Bootstrap, and JavaScript for a clean and modern design.

## Experience

### Freelance Web Developer

 2022 – Present

Collaborated with clients to design and develop custom websites tailored to their needs.

Ensured cross-browser compatibility and mobile responsiveness for all projects.

Provided ongoing maintenance and updates for client websites.

### UI/UX Design Intern

 05/24 – 08-2025

Designed wireframes and prototypes for web and mobile applications using Figma.

Conducted user research and usability testing to improve design decisions.

Worked closely with developers to ensure seamless implementation of designs.

## Certifications

1. Frontend Development Certification
2. UI/UX Design Certification
3. JavaScript Fundamentals

## **Achievements**

- Successfully deployed 5+ web applications with positive client feedback.
- Designed and implemented a university project (online voting system) that improved student engagement.
- Consistently recognized for creativity and problem-solving skills in academic projects.

## **Interests**

- Exploring new web technologies and frameworks.
- Contributing to open-source projects.
- Participating in hackathons and coding challenges.
